**REMARKS AFTER ALLOWANCE**

In response to the "Notice of Allowance" dated September 21, 2007, Applicants make the following remarks:

Applicants note that the "Publication Review" available on the USPTO private Patent Application Information Retrieval system lists the inventor names *without* middle initials. The executed declaration submitted July 12, 2004, clearly indicates middle initials for the inventors. Accordingly, Applicants respectfully request that the inventor names appear on the issued patent as they appear in the executed declaration, and as they are listed below:

Suzanne M.J. Fleiszig

David J. Evans

Robert A. Sack

The submission of these Remarks does not constitute a failure of the applicants to engage in reasonable efforts to conclude processing or examination of this application, and therefore should not result in a reduction of patent term adjustment.
